

Chuckanut Builders is a Bellingham-based general contractor that specializes in custom, high performance residential and commercial building projects within Bellingham's core neighborhoods.

We are part of the growing network of Bellingham businesses that embrace the triple bottom line and believe that work should be fun. Since founding our business, we have strived to bring together a crew that is committed to sustainable building and who enjoy the challenge of helping our clients reduce their carbon footprint. Our hope is that our crew looks forward to coming to work (at least most days!) and that our employees can grow professionally within the business.

Weekends and vacations often find us in the mountains, on the water, and spending time with family and friends. Our excitement for these endeavors carries over into our professional lives and the work environment we have created together...and we're looking for an individual who wants to join in this work with us.

RESPONSIBILITIES

The Project Manager works with the client, design team and the Site Lead to develop a scope of work based on a set of building plans provided by the design team; then establishes a schedule and determines the labor, material and trade contractor costs necessary to complete the project. During construction, the Project Manager is responsible for ensuring the project is completed on budget and within scope.

PREFERRED QUALIFICATIONS

5+ years of experience working as a Project Manager, Lead Carpenter/Superintendent, OR Owner in a construction or architectural firm.

Clear, professional verbal and written communication skills.

Experience creating and successfully managing budgets and schedules.

Highly organized and detail oriented.

Able to manage stressful situations and difficult conversations with respect, ease, clarity and humor.

Bachelor's degree preferred.
